

Tuberculosis (TB) 101 for Refugee and Immigrant Communities

*Make your community healthier by learning the basics of
Tuberculosis!*

When: **Tuesday, June 16, 3pm-5pm**
Where: Philadelphia Department of Public Health
Auditorium
500 S. Broad St, Philadelphia, PA 19146
Target Audience: Service Agency Case Managers,
Social Workers, and Community Leaders

Participants will learn how to:

- Discuss the ways that Tuberculosis is Transmitted and Not Transmitted.
- Define and differentiate Latent TB Infection (LTBI) from TB Disease.
- Name two factors that increase the risk for exposure to Tuberculosis
- Name two medical conditions or other factors that increase the risk that TB infection will progress to TB Disease.
- Name two priority strategies for preventing and controlling Tuberculosis.

*This Event is **Free** and Open to the Public
Questions?*
